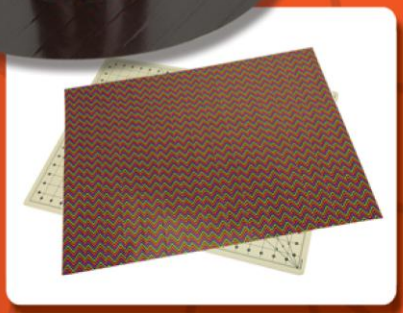
# How to Make a Duck Tape® Witch Hat

## Supplies and Tools:

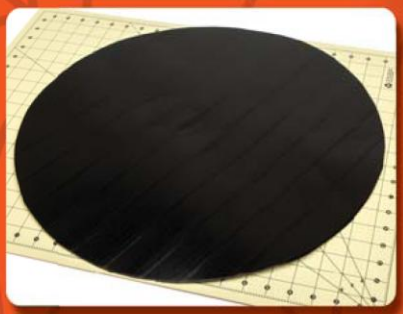
- ❑ Color / Printed Duck Tape
- ❑ Scissors
- ❑ 2 Poster Boards
- ❑ Pen or Marker



**1** Cover one poster board in color Duck Tape.

**2** Shape your poster board into a cone. Tape the seams to secure the cone with a strip of Duck Tape.

**3** Draw and cut out a larger circle on your second poster board.



**4** Cover your circle from step 3 with Duck Tape.

**5** Place the cone shape in the center of your circle and trace it. Cut the circle out.

**6** Attach the cone and circle together with strips of Duck Tape.

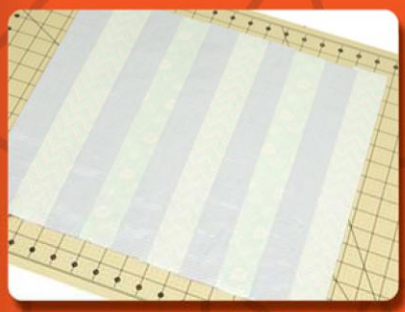
# How to Make a Duck Tape® Halloween Bag

## Supplies and Tools:

❑ Color / Printed Duck Tape ❑ Scissors



**1** Create two Duck Tape "fabric" sheets by laying strips of tape, sticky side up, next to each other so each slightly overlaps the next.

**2** Turn these sheets sideways so the strips lay left to right, sticky side up. Lay a second layer of tape strips, sticky side down, in the opposite direction of the first sheet.

**3** Cut sheets to desired side and place the fabrics back-to back.

**4** Attach with strips of Duck Tape on the sides and bottom.

**5** On one side of your bag, draw an oval shape at the top. Cut it out by cutting through both sides of your fabric. This will be your handle.
